League was awarded \$10,000 grant from City of Lakewood which we will use for scholarships, equipment and other necessary expenses. We must report to the City how we used funds. League currently has a negative balance of \$4500.

Derrick Peterson introduced himself to the meeting and discussed potential involvement and then we moved to the future of the league and our vision. Coach discussed a kids clinic in February, we will circle back to that . Our hope and goal is to retain the players from our Pee Wee league and move them into kid pitch program as we traditionally have a high involvement in the Pee Wee program.
